## Callaway to Speak On South Africa

Arch C. Callaway, assistant professor of economics, will speak on "South Africa's Dilemma: The Policy of Apartheid," tonight at 8 o'clock in the Women's Center.

Mr. Callaway will discuss the background of policies of white supremacy in South Africa from two major aspects: (1) The effect on the rest of Africa, in particular the newly established Central African Federation which includes North and South Rhodesia and Nyasaland and the Gold Coast of Nigeria which is expected to become completely self-governing this year.

(2) Is this policy of white supremacy compatible with the membership of South Africa in the British Commonwealth? For example, India, a member of the Commonwealth, has complained many times over the treatment of the Indian minority in South Africa.

Mr. Callaway was formerly a lecturer in colonial studies at Oxford university. He was born in New Zealand and received his education there and at Oxford and Cambridge.

## 25th Annual Matrix Honor Table Sponsored April 8 by Theta Sigs

What sort of furniture is a Matrix Table?

This astounding question appeared in the Betty Fairfax column of a Columbus, Ohio, newspaper shortly before the first Matrix Table was held in the Ohio capitol in 1924.

Matrix Honor Table is sponsored by Theta Sigma Phi, national professional journalism honorary for women, to recognize the accomplishments of women active in community work and campus organizations.

Theta Sigma Phi was first organized in 1909 on the campus of the University of Washington at Seattle. The purpose of Theta Sig is threefold: to raise the standards of journalism, to improve working conditions for women in the profession, and to inspire the individual to greater effort in the branch of journalism and newspaper work she chooses. Members are chosen for outstanding scholarship, leadership, honor, and service.

Kappa chapter of Theta Sig was chartered on the Montana State University campus in 1916. The

## 'Carousel' Cast Announced; Focher, Raymond to Star

The six major singing parts for the All-School production "Carousel," opening May 16, were announced yesterday by the music school. Prof. John Lester, general chairman of the play, said smaller singing parts and speaking parts will be chosen early spring quarter.

Beverly Schessler, Missoula, will play the part of Carrie Pepperidge; Don Schessler, Missoula, plays Enoch Snow; Robert Higham, Belfry, plays Jigger Cragin; Pat Shaffer, Billings, plays Nettie; Edward Focher, Ballentine, plays Billy Biglow; and Helen Raymond, Miles City, plays Julie Jordan.

"Carousel," a musical play based on Ferenc Molnar's "Liliom," was written by Richard Hart and Oscar Hammerstein, II. The play was one of the big smash hits of all time on Broadway. Some of the musical numbers from "Carousel" that became popular were "If I Loved You," "Carousel Waltz," and "June Is Busting Out All Over."

"Carousel," which will be given in the University theater on May

16, 17, 20, and 21, will combine the resources of the music school, drama department, and the Ballet theater.

The setting of the musical is a New England coast town. The play centers around a carnival barker, Billy Biglow, who feels he just doesn't fit in the world. Billy attempts to hold up one of the rich townspeople, but the plan is foiled.

Instead of being captured by the police, Billy stabs himself and dies. Later, he comes back as a spirit to see how his wife and child are getting along. Carroll O'Connor, stage director of the play, calls the musical light and moving.

The Jubileers, directed by Lloyd Oakland, will make up the chorus and the MSU Ballet theater, under the direction of Mrs. Marjorie Cooper, will do the choreography. Ciemen Peck is the technical director.

## If He Wants Nixon Can Run As '56 Mate

**By UNITED PRESS**  
(Washington)—President Eisenhower has disclosed that he has asked Richard Nixon to "Tell me what he would like to do" about running for Vice President again. Mr. Eisenhower made it clear at his news conference yesterday that Nixon can be his running mate again if he wants to.

—**(Washington)**—Vice-President Nixon told newsmen after Mr. Eisenhower's remarks that he would not make "Any political comments as far as my own personal political situation is concerned." He spoke to newsmen after a brief appearance at the Republican women's conference in Washington.

—**(Washington)**—The Defense department has announced that an amphibious battalion of Marines has been ordered to leave for the Mediterranean in about a week. The step was taken while a heavy American cruiser and three United States destroyers took up positions off the coast of Lebanon.

(Jerusalem, Israel)—An extremist Israeli leader, Menahim Beigin, says a middle eastern war is inevitable because the Arabs do not want peace. He adds that Israel's chances in such a conflict are "rather dark."

—**(Cairo, Egypt)**—Observers at the "summit" conference of Syrian, Egyptian and Saudi Arabian leaders say they decided that any Israeli diversion of the River Jordan would constitute aggression. The observers add that the three government leaders have determined to retaliate instantly against any such move by the Jewish state.

—**(New York)**—Israel has accused Syria of "two wanton acts of aggression" in firing on Israeli police boats on the Sea of Galilee and on a Jewish plane flying over Israeli territory. The accusations were made in a letter to the United Nations Security Council which does not ask for UN action.

## Voting for Judicial Council, Amendments Will Be Today

The general election for Judicial council chairman and four amendments to the ASMSU constitution is today. Voting will be in all campus living groups and the Lodge from 8 a.m. until 4 p.m.

Candidates for the chairmanship are Dave Burton, Chico, Calif., and Walt Gerson, Big Sandy. Burton is a freshman in the law school and Gerson is a junior majoring in social work.

In a statement prepared for the Kaimin, Burton said, "I would strive to attain for this council a reputation and standing among students of our University that no student representative group has ever before achieved."

**Not Against Drinking**  
"I am not against drinking, but I am against any conduct that throws a bad light on the reputation of our school. I am 100 per cent sold on the benefits reaped from this new program."

"This program is here to stay, and it may be tough to accept. If elected, I will do everything in my power to make the process of accepting the rules as painless as possible and yet uphold the regulations as they are now set up."

## Pub-Travel Votes Funds for AWS

A total of \$325 was allocated by Publicity-Travel committee to two campus organizations at a meeting of the group Tuesday. Budget-Finance will vote on these recommendations later this week.

The committee also allocated \$175 to help defray expenses of the Jubilee singing group's annual tour of the state.

## This is Our Parting Shot

A new crew is now taking over the Kaimin. Tomorrow's will be the last issue from the old staff. 1955-56 has been a big year and a rewarding year for all of us. It has also been a challenging and a confusing year. We have been too close to too much.

Days and weeks have rushed by so fast that at times we have only glimpsed, run, and written. We've seen old traditions smashed, new policy and new buildings born, and people, always people on the go, wise ones, fast ones, slow people, mad people, people with pride, and people with pain.

Seeing and reporting these, even if on the run, is the job of a newspaper. A newspaper is a fourth arm of democratic government. A critical, free press is an unofficial part of the check and balance system. We have often criticized with Pope's statement in mind that "those best can bear reproof, who merit praise."

Little John will need help to maintain and improve the criticism of this paper. Only you, the readers, can give him the necessary information and encouragement. His staff must give him the courage and support he will need, as my staff did for me.

This would have been an impossible job without Ron Erickson, Joan Hoff, J.D. Coleman, Bill Larcombe, Judy Weaver, Norma Beatty, John, and the reporters and copyreaders who have given their help during the past year. It is impossible to name the others.

Judge Learned Hand once said:

"By some happy fortuity, Man is a projector, a designer, a builder, a craftsman; it is among his most dependable joys to impose upon the flux that passes before him some mark of himself, aware tho he always must be of the odds against him."

His reward is not so much in the work as in the making; not so much in the prize as in the race. We may win when we lose, if we have done what we can, for by so doing we have made real at least some part of that finished product in whose fabrication we are most concerned — ourselves. And if at the end some friendly critic shall pass by and say, "My friend how good a job do you really think you have made of it all?" we can answer: "I know as well as you that it is not of high quality; but I did put into it whatever I had, and that was the game I started out to play."

We can't add much to that.

## Argenbright Tops Grizzly Scorers; Sets New MSU Free-Throw Record

Ed Argenbright ended his three-year basketball career as high scorer for the 1955-56 Silvertips with 428 points. Ed was team high scorer his sophomore year, and placed third last season.

Argenbright's points came on 155 field goals and 118 free throws. His closest competitor, Ed Bergquist, had 335 points on 108 fielders and 119 free throws.

Ed Argenbright also set a new Grizzly free throw percentage during the 1955-56 season when he hit 118 of 144 free throws for a .819 percentage.

Argenbright's percentage was

better than that of Henry (Dutch) Dahmer, who tallied 23 of 29 during the 1942 season. Dahmer is now on the coaching staff of Great Falls high school.

Murdo Campbell, Grizzly athletic publicist, estimated that Argenbright's percentage will place him within the top 15 free throw shooters in the nation this year.

Zip Rhoades' 28-point effort in the final game gave him third honors over Russ Sheriff. Rhoades had 304 points on 110 field goals and 84 free tosses. Sheriff ended with 296 points, 109 field goals, and 78 charity throws.

Al Dunham tallied 194 points, 48 field goals and 98 free throws. Bob Powell had 118 on 37 field goals and 44 from the charity line. Hal Erickson rounded out the regular Grizzly scorers with 39 points.

The Grizzlies as a team hit 1763 points to the opponents' total of 1799. Montana scored 601 of 1711 free throws for a 35.1 percentage. They shot 561 of 848 free throws for a 66.2 free throw percentage.

Individual field goal percentages for the Grizzlies were: Argenbright, 33.0; Bergquist, 41.9; Rhoades, 35.1; Shariff, 44.1; Dunham, 25.4; Powell, 23.8; and Erickson, 39.1.

## M-Club Fights Scheduled In Field House

Final preparations for the 30th annual M-Club fights were made at the lettermen's club meeting last night, according to Al Bradshaw, fight manager.

The annual spectacle will be held in the Field House Friday night. There are 13 bouts on the card with the curtain-raiser to start at 8.

Several top-flight bouts are on the card of the evening according to Bradshaw. The main event featuring Bob Butorovich and Severn Hayes stacks up to be a battle between two free-swinging heavy weights.

Howard Johnson and Gus Pastos will exchange blows in the fast-moving semi-windup. Pastos is out to defeat the winner of last year's Billy Merritt Memorial Award.

Dick Stahl and Ken Calvin are matched, in a fight between two of last year's winners. Both boys are hard punchers and they use an aggressive style of fighting.

Committees have been named to carry out the last-minute details, Bradshaw said. Jim Black is chairman of the program sales committee. He is aided by John Boyles, Milt Wickert, Hal Erickson, Lou Pangle, and Don Brant.

Dick Bork is in charge of the ring committee. Assisting Bork and Bradshaw, Pangle, Erickson and Brant.

Sam Pottenger, captain of the 1956 Montana baseball team, is chairman of the parking committee. Working for Pottenger are Ray Howard, Don Williamson, Bob McGihon, Bill Kaiserman, Zip Rhoades, and Ivory Jones.

Ed Bergquist, one of the two graduating members of the basketball team, is in charge of the ticket taking committee. Helping Bergquist are Eddie Argenbright, Lee Boffo, Bill Gardner, Jim Andrews, and Paul Caine.

Bob Hendricks is in charge of the ushers, who will be Curt Milne, Doug Dasinger, Bob Small, and Dale Shupe.

## Sport Slants

Lanky Bill Russell of San Francisco and Si Green of Duquesne have made the United Press All-America basketball team for the second straight year. Others on the All America are Robin Freeman of Ohio State, Darrell Floyd of Furman and K. C. Jones of San Francisco.

The Cincinnati Redlegs reportedly want another starting pitcher and are offering up to seven players plus \$12,000. It's believed the Redlegs want Bob Friend of Pittsburgh, Harvey Haddix of St. Louis or Bob Rush or Warren Hacker of the Chicago Cubs.

## What young people are doing at General Electric

## Young manager handles finances for \$40,000,000 business

General Electric is made up of more than 90 product departments that operate as individual "businesses" — each conducting its own legal, financial, manufacturing, engineering, marketing and research activities.

One of the most important of these businesses is the Technical Products Department that makes broadcasting and communications equipment and semi-conductor devices. Responsible for managing the finances of this \$40 million business is Robert H. Platt.

### Platt's Work Is Important, Responsible

In the next ten years, the Technical Products Department is expected to reach the \$100 million mark — more than doubling its present size. This is a big job. And it requires Platt to keep tabs on everything from tax, cost, and general accounting to payrolls, budgets and measurements, credits and collections, and internal auditing.

### 25,000 College Graduates at General Electric

Experience gained in the Business Training Course and as a traveling auditor gave Platt a variety of financial experience. Like each of our 25,000 college-graduate employees, he was given the chance to grow and realize his full potential. For General Electric has long believed this: When fresh young minds are given the freedom to make progress, everybody benefits — the individual, the company, the country.

Educational Relations, General Electric Company, Schenectady 5, New York

ROBERT H. PLATT joined G.E. in 1941 after receiving his B.A. at Colgate University. He served 2 years in the Navy, attaining the rank of Lieutenant (J.G.). He is also a graduate of G.E.'s Business Training Course.
